OBJECTIVE

Final-year CSE undergraduate transitioning from web development into AI/ML, following a structured self-study roadmap covering Python, classical ML, and deep learning. Seeking an AI/ML internship to apply foundational machine learning skills, contribute to real projects, and grow under mentorship.

SKILLS

- **Programming:** Python, C, C++, JavaScript, TypeScript
- **AI/ML Foundations:** NumPy, Pandas, Matplotlib, scikit-learn, basic supervised/unsupervised algorithms (regression, classification, clustering), model evaluation (confusion matrix, ROC/AUC) — *currently building via a focused 1-month self-study plan*
- **Web Development:** HTML, CSS, Tailwind CSS, Node.js, Express.js, MongoDB, Bootstrap
- **Tools:** Git/GitHub, VS Code, Jupyter Notebook

EDUCATION

- B.Sc in CSE | International Islamic University Chittagong (IIUC) | 2023 – Present (8th Semester)
- HSC | Dr. Abdur Razzak College, Jessore | Completed 2021
- SSC | Jessore Zilla School, Jessore | Completed 2019

PROJECTS

- **FramedIt — Team Project** | framedit.tech

Technologies: Next.js, AI-powered features, Supabase/DB

Student resource management platform built for IIUC students — brings syllabus, past exam questions, notes, class schedule, and attendance into one dashboard. Includes AI-powered features (AiMind) for syllabus explanations, quick topic review, and step-by-step AI-guided solutions.

- **Nutri-Track Academia — Team Project**

Technologies: HTML, CSS, JavaScript, PHP, MySQL

Web-based daily meal management system for students, canteen staff, and admins. Features automatic meal card generation, time-based menu ordering (breakfast/lunch/snacks/drinks), automatic bill calculation, order history, a BMI/BMR calculator with personalized diet charts, and an admin dashboard for menu and order management.
